MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Results of Comptroller's Meetings of 31 May
and 13 June 1974

1. Based on financial data for the period ending 30 April and updated by data valid through 31 May 1974, we determined on 13 June that your Directorate was projecting modest year-end savings in personal and non-personal services savings. We were also advised of the following Directorate unfunded requirements:

25X1

2. Despite your unusually tight year-end fiscal situation, we believe that there will be sufficient funds from Directorate savings to pay for items (a) and (b) above. We will, however, examine the situation again later this week or early next week as we complete our analysis of final obligation projections.
